## By The Numbers: How Medicaid Strengthens Arizona

Medicaid is not only a lifeline for millions of Arizonans, it strengthens our communities in countless ways. These are reasons why the program is overwhelmingly popular: [74 percent](#) of Americans support Medicaid.

### ARIZONANS DEPEND ON MEDICAID

- **1,716,236 Arizonans Are Covered Through Medicaid.** 1,716,236 Arizonans [have medical coverage](#) through Medicaid - most of them children, seniors, and people with disabilities.
- **In Arizona, Adults Up To 138 Percent Of The Federal Poverty Line May Enroll In Medicaid.** After expanding Medicaid, Arizona residents earning up to 138 percent [of the federal poverty line](#) are now eligible to enroll in Medicaid.
- **425,800 Arizonans Have Gained Coverage Through Medicaid Expansion.** Thanks to Medicaid expansion, 425,800 Arizona residents [are enrolled](#) in the program.

### MEDICAID IS A LIFELINE FOR CHILDREN, SENIORS, AND PEOPLE WITH DISABILITIES

**38 Percent of Arizona's Children Rely on Medicaid.** 38 percent of Arizona [children rely](#) on Medicaid for coverage. Medicaid pays almost \$4 billion annually in school-based health services. Schools depend on these funds connect students with vital health resources — [68 percent](#) of school superintendents said that they used these funds to keep nurses, counselors, and speech therapists on staff.

**Medicaid Supports 59 Percent Of Arizonans In Nursing Homes.** 59 percent of Arizonans living in nursing homes [have coverage](#) through Medicaid.

**Medicaid Covers 16 Percent of Arizona's Seniors and People with Disabilities.** In Arizona, 16 percent of seniors and people with disabilities [have health coverage through Medicaid](#), including for nursing home care. Nationally, approximately [one in four people](#) on Medicaid are seniors (9 percent) or people with disabilities (15 percent). However, their care represents about [two-thirds](#) of all Medicaid spending. In other words, funding cuts to Medicaid will disproportionately affect the most vulnerable.

### MEDICAID HELPS ARIZONANS ACCESS TREATMENT FOR OPIOID ADDICTION

**Medicaid Covers [One In Four](#) Americans With An Opioid Use Disorder.** Medicaid pays for 15 percent of Arizona's [buprenorphine](#) expenditure, a medication used to treat opioid addiction.

### REPUBLICANS' WAR ON THE ACA AND MEDICAID JEOPARDIZES COVERAGE FOR 1.7 MILLION ARIZONANS

**425,800 Arizonans Enrolled Through Medicaid Expansion Now At Risk.** The Graham-Cassidy bill would eliminate [Medicaid expansion](#), which has helped 425,800 Arizonans receive quality, affordable coverage, and put part of its funding into inadequate block grants. The bill would further punish states that expanded Medicaid by [redistributing](#) funds to states that did not expand Medicaid.

**1,716,236 Arizonans With Traditional Medicaid Coverage, Including Seniors, People With Disabilities, And Children, Are At Risk.** The Graham-Cassidy bill that President Trump revived in his FY19 budget proposal would turn traditional Medicaid into a per capita cap, meaning the 1,716,236 Arizonans who are [enrolled](#) on Medicaid would have their care jeopardized. Medicaid disproportionately helps children, seniors in nursing home care and people with disabilities. A study by [Avalere](#) found that Graham-Cassidy would cut funding for people with disabilities by 15 percent and 31 percent for children by 2036.

**Arizona Children's Care Is At Risk.** [38 percent](#) of Arizona kids have coverage through Medicaid or CHIP, and their care could be at risk because of funding cuts in Graham-Cassidy.
